CONSUMER'S CHOICE INSTALLS ENERGY-SAVING WINDOWS WITH ONCE-IN-A-LIFETIME TAX SAVINGS OF UP TO \$1,350 AS WELL AS UP TO \$10,000 IN GOVERNMENT GRANTS ... ACT NOW TO AVOID SUMMER'S RUSH ...

Smart home-owners are lining up in droves to take advantage of the very latest governmental gift when a once-in-a-lifetime opportunity has opened up to allow you to receive upwards of \$1,350 in tax savings against any form of home improvements deemed necessary! At the same time you might also be eligible for up to \$10,000 in government grants relating to retro-fittings

which include window fittings and upgrades to enhance the value of your home. These stimulus packages are not only great for the economy but also make for a sound return on your investment and of course who else would you turn than Ontario's Number #1 window replacement specialist, that being Consumer's Choice who offer years and years of proven experience. You might also note the \$1,350 refund must apply to work done no later than January, 2010 so speed is the essence of your decision. Consumer's Choice offers trouble-free fittings when each window frame is made from UPVC 100% Pure Virgin Vinyl while glass panes are also meticulously created. The end-result is a sharp drop in heating and air-conditioning costs, at the same time fittings help prevent the growth of mould and reduce the penetration of dust, dirt, insects and sound into your home. Consumer's Choice will arrange for an obligation-free inspection by one of their energy-saving specialists; or you can visit their giant over 15,000 square feet of showroom space that also includes the display of energy-saving doors and insulated siding. With spring on the horizon and a summer of 'heated' activities best now to contact Consumer's Choice at **445 Finchdene Square, Scarborough Ont. (416) 335-8353; Toll-Free at 1-800-565-7366. www.windowreno.com**
